RENEWED

JASPER GROUP

It's a new day at Jasper Group and we're more than just a little excited. We're exhilarated, invigorated and stimulated! We're designing and producing furniture for the generations of today, with an eye on tomorrow's markets. We're combining evolved engineering, sustainable manufacturing and renewable resources with our passion for timeless design. We're investing in product development and original thinking with our brand strategies to promote measured growth. And while we're steering toward the future, we're still the brands you know and trust.

REVISIONED

JASPER GROUP

On 04 February 1929, seven prominent Jasper businessmen gathered to form Jasper Seating Company, creating a partnership dedicated to building school chairs, office chairs and office furniture. While we have expanded our offerings to meet a changing world, we are still the same dedicated company.
